City Commission approves Paw Park Village Master Plan Design

On May 11, the City Commission approved the Paw Park Village Master Plan design. Paw Park Village aligns with the City's Strategic Priorities of promoting the City's distinct culture and unifying Sanford's downtown and waterfront.

The Florida Department of Economic Opportunity awarded a Technical Assistance Grant of \$25k for the Master Plan design of Paw Park Village.

Seminole County's 17-92 Community Redevelopment Agency (CRA) has committed funding of \$70k to be used toward improvements of Sanford's Paw Park.

This is not a \$700K project as was previously reported by some in the media.
