City of Sanford Speakers Bureau

The City of Sanford announces the creation of its Speakers Bureau. The City of Sanford Speakers Bureau is a program that is available to provide public speakers for any event and can be of interest to schools, civic groups, neighborhood associations and community organizations. It is comprised of various City staff, experts in their field, offering an array of varied topics. Presentations include anything from the budgeting process to environmental awareness. The Speakers Bureau service is free of charge.

The City of Sanford staff team participating in the Speakers Bureau is an excellent resource for information about City programs and services sharing stories and answers to your most important questions about the Sanford community.

For a list of speakers and to contact these individuals to arrange a speaking engagement please visit the City's website www.sanfordfl.gov under Departments.
