

**City of Sanford - Utility Department
Water Meters on Fire Hydrant Policy**

1. A \$900.00 deposit, \$70.00 non refundable application fee, and **\$10.00 delivery fee** shall be paid before issuance of the meter with backflow preventer.
2. The monthly rental fee of the meter is \$53.26 per month (base monthly charge on a 2" water meter) from day of receipt to day of return plus a 10% tax on water flow and water base charges.

Consumption:

3. Water Rate: First 0 – 48 thousands gallons/month.....2.12 each
 49 – 96 (thousands) gallons/month.....2.77 each
 97-192 (thousands) gallons/month.....3.60 each
 193 (thousands) gallons and up.....5.31 each

4. Meter connections with the appropriate backflow prevention device shall be set and removed daily.
5. The user shall provide a flag-man to be present at all times if a hose crosses any road. Adequate signs shall be provided.
6. **The undersigned is responsible for the hydrant meter and backflow preventer. Equipment must be returned in good operating condition. Any damage to the equipment will be paid by the user.**
7. Any disputes or disagreements concerning the use of the hydrant meter and backflow preventer will be resolved at the discretion of the Utility Department.

The undersigned has read and agrees to the above listed condition:
