

## **Resolution No. 2770**

**A Resolution of the City of Sanford, Florida, amending the City's annual operating budget for the fiscal year beginning October 1, 2018 and ending September 30, 2019; providing for implementing administrative actions; providing for a savings provision; providing for conflicts; providing for severability and providing for an effective date.**

**Whereas**, the Commission of the City of Sanford, Florida has adopted an annual operating budget for the fiscal year beginning October 1, 2018 and terminating on September 30, 2019 specifying certain projected revenues and expenditures for the operations of Sanford municipal government; and

**Whereas**, the City's budget presumes that each department generally will, to the best of their ability, maintain its expenditures within its allocated budgeted level and exercise prudence in expending funds during the course of the City's fiscal year; and

**Whereas**, from time-to-time circumstances and events may require that the original City budget may need revision; and

**Whereas**, the City Commission, in its judgment and discretion, has the authority to adjust the budget to more closely coincide with actual and expected events.

**Now, therefore, be it adopted and resolved by the City Commission of the City of Sanford, Florida as follows:**

Re: City of Sanford  
 Downtown Storm and Utility Relocations (IFB 18/19-01)  
 CPH Job No. S06168

Dear Bilal:

Based on the Bid Tabulation, the following are the bid results for the Bids that were received on November 8, 2018 for the City's Downtown Storm and Utility Relocations (IFB 18/19-01) project:

<b>RANK</b>	<b>BIDDER</b>	<b>TOTAL BASE BID</b>
1	Cathcart Construction Company-Florida LLC	\$1,036,914.50
2	Cathcart, Inc.	\$1,249,929.00
3	RMS Constructors Group, LLC	\$1,290,648.00
4	Stage Door II	\$1,375,395.85
5	Killebrew, Inc.	\$1,525,225.00
6	Carr & Collier Inc.	\$1,573,037.75
7	Prime Construction Group, Inc.	\$2,293,288.00

Two of the bids are below the Engineer's Estimate which was \$1.27 million (without contingency). Note: due to the over \$200,000 difference from Cathcart's bid to the next lowest bid, we contacted Cathcart. They confirmed that they stand by their submitted bid and that there are no mistakes in the submitted bid pricing.

We have reviewed Cathcart Construction Company-Florida LLC ("Cathcart") in terms of their storm and utility construction experience, recent references, and licensing. Financial information the City received from Cathcart (Financial Information Form - Section 00462 plus attachments) has not been reviewed by CPH and should be reviewed by the City. If the City requires audited financial statements in lieu of what was provided, please let us know or contact Cathcart directly.

Cathcart is located in Oviedo and has been in business since 1994; however, in 2014 they re-organized under the current LLC. Our review of projects and references is based on the current iteration of Cathcart. Since 2014, Cathcart has performed construction on numerous projects similar in type and size (or bigger) than the proposed Downtown Storm and Utility Relocations project. Most of Cathcart's construction projects were for various municipalities and counties. We have contacted several references for Cathcart: the references contacted (the cities of St. Cloud, Orlando, and Altamonte Springs) were very satisfied with the work done by Cathcart and all indicated they would work with Cathcart again. The project manager and superintendents named by the references received favorable comments and are the same

Cathcart project manager and superintendents proposed for the proposed City of Sanford project.

We have reviewed Cathcart's construction license information by verifying the construction licenses are active. This verification was done through the Florida Department of Business and Professional Regulation (DBPR) website. The DBPR website also shows there are no current complaints on the licenses.

Based on our review of the experience, the licensing information shown on the DBPR website, and the favorable references that have been provided, as summarized above and per the attached documents, we recommend the City Commission authorize award of the City's Downtown Storm and Utility Relocations (IFB 18/19-01) project construction contract to Cathcart Construction Company-Florida LLC in the amount of \$1,036,914.50.

If you have any questions or need additional information on the contract award recommendation we have made or any of the information shown herein or attached, please do not hesitate to call.

Sincerely,
