CHAPTER 15. - ETHICS IN GOVERNMENT [\[20\]](#)

[15.10. - Code of ethics; preamble.](#)

15.10. - Code of ethics; preamble. [\[20\]](#)

Minneapolis government exists to serve the people of Minneapolis. In order to do so effectively, the people must have confidence and trust in the integrity of their city government. They deserve elected and appointed officials, city employees and volunteers who maintain the highest ethical principles and avoid misconduct and conflicts of interest, apparent or real. Effective democracy depends on a government that is fair, ethical and accountable to the people it serves.

This comprehensive code of ethics provides an ethical guide and specific rules that reflect the ethical values of our city. It is both inspirational and a basis for disciplinary action. The ethical aspirations that begin each section represent the inspirational objectives toward which each local official and employee should strive. Except for the ethical aspirations set forth in [15.20](#), [15.130](#), [15.180](#), the code of ethics defines levels of conduct below which no local official or employee can fall without being subject to disciplinary action.

The code of ethics is designed to promote high ethical standards and conduct, and to foster a healthy ethical culture throughout city government. It is a touchstone for all who work with and for the city to assist them in fulfilling their responsibilities to the people of Minneapolis. (2003-Or-034, § 1, 3-21-03)
